

Botswana Institute of Chartered Accountants

Principles of Taxation

Date: 10 September 2020

Time: 09:00 pm – 11:30 pm

Time allowed: 1 hour 30 minutes

Instructions to Candidates

This assessment consists of **TWO** Scenario based questions worth up to **20** marks and **40** short questions each worth 2 marks.

At least **55** marks are required to pass this assessment.

Numeric entry fields

- Enter whole numbers only
- Numbers may be entered with or without a thousand separator (use commas only)
- Negative numbers can be entered with a preceding minus sign or enclosed in brackets

You have **90** minutes to complete the assessment which includes any review period.

Tax Tables FA 2019

Use the following tax tables to answer your questions, where necessary.

Rates of tax - 2019/2020 tax years

Resident companies	On taxable income
Standard rate	22%
Manufacturing company rate	15%

Resident individuals

P0 – P36,000	Nil
P36,001 – P72,000	Nil + 5% of excess over 36 000
P72,001 – P108,000	P1,800 + 12.5% of excess over 72 000
P108,001 – P144,000	P6,300 + 18.75% of excess over 108 000
Over P144,000	P13,050 + 25% of excess over 144 000

Non-resident individuals, trusts and estates

P0 – P72,000	5% of every pula
P72,001 – P108,000	P3,600 + 12.5% of excess over 72 000
P108,001 – P144,000	P8,100 + 18.75% of excess over 108 000
Over P144,000	P14,850 + 25% of excess over 144 000

Capital gains – individuals

P0 – P18,000	Nil
P18,001 – P72,000	P0 + 5% of excess over P18 000
P72,001 – P108,000	P2,700 + 12.5% of excess over P72 000
P108,001 – P144,000	P7,200 + 18.75% of excess over P108 000
Over P144,000	P13,950 + 25% of excess over P144 000

Capital gains – companies

Net aggregate gains are taxable at the company rates of tax.

Basis of valuation of benefits

Individuals' vehicle benefit

Vehicle cost	Employee benefit	Fuel cost adjustment
P1 - P50 000	P2 500	P1 000
P50 001 - P100 000	P5 000	P2 000
P100 001 - P150 000	P7 500	P3 000
P150 000 - P200 000	P10 000	P4 000

Benefit on the excess of P200 000 is 15% thereof with a maximum fuel cost adjustment of P5,000.

Individual's housing benefit:

If rated:

10% of the property's rateable value prorated by occupation and reduced by any contribution made by the employee.

If not rated:

Gross floor area x P250 per sq metre x 8%

The benefit is prorated by period of use and reduced by any contribution made by the employee.

Individual's furniture benefit

10% of furniture cost in excess of P15, 000 pro - rated by usage.

Capital allowances

The following rates are fixed by Commissioner General of BURS as fair and reasonable having regard to the expected useful economic lives of the assets listed.

Capital allowances

Furniture and fittings	10%
Office equipment and machinery	15%
Plant and machinery including farming	15%
Motor vehicles, boats and aircraft	25%
Heavy plant and machinery	25%

Computer hardware	25%
Off-the-shelf computer software	100%

Industrial and commercial buildings

Industrial building – initial allowance	25%
Industrial building – annual allowance	2.5%
Commercial building – annual allowance	2.5%

COST OF LIVING INDEX- JULY 1982 to JUNE 2019:

2020												

SECTION A

SCENARIO 1

Neo, Tshego and Cecilia have been running an accounting partnership for many years preparing accounts to 30 April annually.

Their partnership agreement provides for the following:

- They share profits equally
- The partners receive annual salaries as follows:
 - Neo – P624,000
 - Tshego – P540,000
 - Cecilia – P480,000

The partnership taxable income, before charging capital allowances and salaries for partners, for the year ended 30 April 2020 was P3,800,000. The partnership income is deemed to accrue evenly during the year.

The details relating to the partnership assets were as follows:

	Acquisition date	Cost P
Furniture & fittings	1 May 2016	60,000
Computers	1 May 2017	100,000
Delivery van	1 May 2017	220,000

There were no additions or disposals of assets during the year ended 30 April 2020.

On 1 August 2019, Neo retired from the partnership and a new partner, Gosego, was admitted on the same date. The partnership agreement changed as on 1 August 2019 was changed as follows:

- Partners will not receive salaries.
- The profit sharing will be as follows:
 - Tshego – 40%
 - Cecilia – 40%
 - Gosego – 20%

REQUIRED

Using the standard format below, compute the final taxable income for the partnership and the taxable income for each partner for the year ended 30 April 2020.

Scenario 1

i) Computation of final taxable income fye 30 April 2020

Taxable income b/f:	P
Less capital allowances:	
Furniture & fittings	
Computers	
Delivery van	
Final taxable income	

ii) Computation of taxable income for each partner fye 30 April 2020:

	Total	Neo	Tshego	Cecilia	Gosego
	P	P	P	P	P
1/5/19 to 31/7/19					
Partners' salaries					
Share of profits					
Taxable income					
1/8/19 to 30/4/20					
Taxable income					
Total taxable income					

SCENARIO 2

Tsodilo Limited is a farming company incorporated in Botswana. The company prepares its financial statements to 30 April each year.

The comprehensive income statement for the year to 30 April 2020, showed profit before taxation of P3,550,000.

<i>This was after charging:</i>	P
Depreciation	460,000
Directors' fees	210,000
Interest paid – bank loan used for business	65,000
Allowable general expenses	432,000
Staff loans written off	33,000
Increase in general provision	57,000
<i>After crediting:</i>	
Staff loans recovered	80,000
Local dividends received	140,000
Chargeable capital gain on sale of property	220,000

Additional information:

Tsodilo Ltd incurred the following capital expenditure which had not been included in the profit above:

Eradication of obnoxious plants	56,000
Purchase of a tractor	180,000
Sinking of boreholes	72,000
Construction of two farm workers' houses	100,000

Using the standard format below, compute Tsodilo Ltd's total taxable income for the year ended 30 April 2020. You should enter a positive or negative number in the relevant box, as appropriate. If an amount is not taxable or no adjustment is required you must enter a zero (-) into the relevant box.

Scenario 2

Computation of taxable income for Tsodilo Ltd fye 30 April 2020

	P
Accounting profit as given	
Depreciation	
Directors' fees	
Interest paid	
Staff loans written off	
Increase in general provision	
Staff loans recovered	
Local dividends received	
Chargeable capital gain on sale of property	
Eradication of obnoxious plants	
Tractor	
Sinking of borehole	
Construction of 2 farm workers houses	
Taxable income	

SECTION B

- 1 Dumela used to earn P220,000 and paid P32,050 in income tax per annum. She has recently received a substantial pay rise and now earns P350,000. Her revised income tax is P64,550.

Select which of the following options correctly defines the principle on which this tax system is based.

- A Progressive taxation
- B Regressive taxation

Select which of the following options correctly classifies approved pension contributions.

- C Direct tax
 - D Indirect tax
-

- 2 Select which of the following are functions carried out by BURS.

- (i) Collect and administer direct taxes
- (ii) Collect and administer indirect taxes
- (iii) Pay and administer old peoples' allowances
- (iv) Collect repayments of student loans
- (v) Pay and administer the state pension

- A (i) and (ii) only
 - B (i), (ii) and (iii) only
 - C (i), (ii), and (iv) only
 - D (i), (ii), (iii) and (v) only
-

- 3 Tebogo is a sole trader. Which of the following actions by Tebogo is not an example of tax evasion?

- A Claiming P2,000 of personal expenses through the business
 - B Omitting to record P500 of cash sales
 - C Deliberately postponing the sale of some shares from 30 September 2019 until 10 October 2019 so that he can delay paying his capital gains tax liability
 - D Overestimating the value of some property donated to charity
-

- 4 Masego is unhappy with an explanation given to her by a client in relation to the current year's accounts. If she accepts the explanation and submits the accounts to BURS she feels that this will compromise the principle of integrity.

Which of the following factors is she not required to consider in resolving the ethical conflict?

- A The facts that she has uncovered
 - B The relationship that her firm has with the client
 - C The client's internal procedures
 - D Alternative courses of action
-

- 5 Select which TWO of the following items are treated as 'non-taxable income' for income tax purposes.

- A Income tax repayment interest
 - B Interest paid by Botswana Savings Bank
 - C Bad debt recovered
 - D Pension income
 - E Tips given to staff by customers
-

- 6 Fred works as an employee of Oodi Ltd. Fred's gross salary for 2019/20 was P258,000. During 2019/20 Fred paid P41,550 in income tax via PAYE. Fred also earned P28,000 from part time lecturing.

What is Fred's income tax payable for 2019/20?

P _____

Enter a whole number WITHOUT the P sign

- 7 During the tax year 2019/20, Mokgwane, a farmer, made two donations to his relatives as follows:

Mokgwane donated 5 cows to his brother Mpho, and lent 8 cows to his sister Neo to use for 2 years only (mafisa).

Select which one of the following provides the correct tax treatment:

- A The donations to Mpho and Neo will be included in Mokgwane's taxable income at market.
- B The donation to Mpho will be included in Mokgwane's taxable income at market value.
- C The donation to Neo will be included in Mokgwane's taxable income at market value.

D The donations will not affect the taxable income.

8 Gomolemo has an annual salary of P256,000 and has received the following benefits during 2019/20:

- Meal allowances of P500 per week or P26,000 per year; and
- Holiday package of P35,000 per year.

Select which of the following correctly identifies Gomolemo's taxable benefits for 2019/20.

- A P26,000
- B P35,000
- C P61,000
- D P0

9 Nonofu has been a farmer for many years. During the tax year 2019/20, incurred the following capital expenditure:

- Purchase of tractor for P180,000 and
- Removal of noxious plants at a cost of P45,000

In calculating Nonofu's taxable farming income for 2019/20, what is the total capital allowance that will be deducted:

10 Kefilwe is a business woman with different sources of income. During the tax year 2019/20, her income was as follows:

Bottle store	Tax income	P530,000
Trading	Tax loss	P150,000
Farming	Tax loss	P80,000

Select which one of the following correctly identifies Kefilwe's taxable income for the tax year 2019/20:

- A P530,000
- B P380,000
- C P300,000
- D P450,000

11 Seipone's accounts for the year ended 30 April 2020 showed legal and professional fees of P53,000.

Select which TWO of the following costs are not allowable in calculating her tax adjusted trading profit.

- A Fees incurred in the recovery of a trade bad debt
- B Legal fees of a successful appeal against a tax assessment
- C Legal fees of defending an action by a customer in respect of alleged of contract
- D Fees for preparation of the annual accounts
- E Cost of taking out a new five-year lease on business premises

12 Ramantele commenced to trade as a sole trader on 1 October 2019 preparing his first set of accounts for the nine months ended 30 June 2020.

On 1 November 2019 Ramantele purchased a car for P280,000. She uses this 60% for business purposes.

Calculate the maximum capital allowances available for the car for the nine months ended 30 June 2020.

Capital allowances P _____

19 Maun Ltd is a Botswana resident trading company that made various capital disposals during the year ended 30 April 2020.

Select how the resulting capital gains or losses should be treated in the company tax computation of Maun Ltd for the year ended 30 April 2020.

Loss of P590,000 on the sale of property used in the business.

- A Chargeable gain
- B Exempt
- C Allowable capital loss

Gain of P286,000 on the sale of shares in a Botswana Ltd company

- D Chargeable gain
 - E Exempt
 - F Allowable capital loss
-

20 Select which TWO of the following items are deductible in arriving at the trading income of a Botswana resident company which manufactures furniture.

- A Employer's contributions to approved pension funds
 - B Initial repair costs incurred to make newly acquired asset functional
 - C Interest on a loan taken out to purchase shares in a subsidiary
 - D Interest on overdue company tax
 - E Replacement of roof tiles on the company's head office building
-

21 Monei is unhappy with an explanation given to her by a client in relation to the current year's accounts. If she accepts the explanation and submits the accounts to BURS she feels that this will compromise the principle of integrity.

Which ONE of the following factors is she not required to consider in resolving the ethical conflict?

- A The facts that she has uncovered
 - B The relationship that her firm has with the client
 - C The client's internal procedures
 - D Alternative courses of action
-

22 Boineelo is a Chartered Accountant and is married to Tebogo, who is also his client. Tebogo runs several businesses on behalf of her father. Boineelo knows that Tebogo comes from a wealthy criminal family. However, Boineelo has never queried the funding of Tebogo's businesses as he trusts her implicitly.

Which two of the following options are threats Boineelo is experiencing according to the Code of Ethics?

- A Self-interest threat
 - B Self-review threat
 - C Advocacy threat
 - D Familiarity threat
 - E Intimidation threat
-

23 Mr Mokaila is tendering for some consultancy work. The same work has also been tendered for by Comp Partners, the accountancy firm which prepares Mr Mokaila's tax returns.

The ethics partner at Comp Partners concludes that the threat from this conflict of interest cannot be acceptably reduced.

According to the ICAEW Code, select which of the following would be an acceptable course of action for Comp Partners?

- A Inform Mr Mokaila of the conflict and notify him that Comp Partners is ceasing to act for him
 - B Inform Mr Mokaila that you will discontinue to act for him without disclosing the conflict to him.
 - C Inform Mr Mokaila of the conflict and continue to act for him
 - D Continue to act for Mr Mokaila and keep the conflict confidential
-
